xDRY Towelling Padding Material

fig. 1

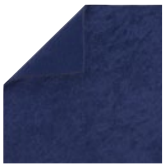

fig. 2

fig. 3

Application: for padding orthoses

Material Properties: exchangeable, soft padding material. It is antimicrobial and can be washed at 60°C. The padding material has a skin-friendly towelling coating on one side and a velour coating on the reverse side. Use the hook dots or the hook tape (see below) to attach the padding material firmly to an orthosis. If you cut the material with pinking shears, there are no frayed edges. This means that you get a functional edge that does not need to be linked.

xDRY Towelling Padding Material (Fig. 1-3)				
Article Number	Scope of Delivery	Length x Width x Thickness [mm]	Colour	Unit
PL3687-02/1	1 x fig. 1	1000 x 1400 x 4	black	sheet
PL3687-02/2	1 x fig. 2	1000 x 1400 x 4	blue	sheet
PL3687-02/4	1 x fig. 3	1000 x 1400 x 4	grey	sheet

fig. 4

For attaching the padding material, the self-adhesive hook tape or hook dots can be ordered separately.

Application: for attaching the towelling padding material to the orthosis
Material Properties (Hook Tape): 1mm thin micro hook tape
Material Properties (Hook Dots): 1mm thin micro hook dots with a diameter of 22mm

Hook Tape, Self-Adhesive, Transparent (Fig. 4)			
Article Number	Scope of Delivery	Length x Width x Thickness [mm]	Unit
KV4050-L1000	1 x fig. 4	1000 x 50 x 1	piece

fig. 5

Hook Dots, Self-Adhesive, Transparent (Fig. 5)		
Article Number	Scope of Delivery	Unit
KV0020-22/06	6 x fig. 5	set
KV0020-22/40	40 x fig. 5	set
