

NEURO SWING FIT TEST-AFO

Special Offer

100%

Discount on a
**NEURO SWING FIT
TEST-AFO Set!**

When purchasing
20 system ankle joints
you are awarded a
100% discount on a
NEURO SWING FIT TEST-AFO set.

NEURO SWING FIT TEST-AFO

The NEURO SWING FIT TEST-AFO with premounted NEURO SWING Carbon system ankle joint is a pre-produced orthosis made of carbon fibre material. It is used as a test orthosis prior to treatment with a custom-made AFO, in which a system ankle joint with dynamic stops (e.g. NEURO SWING) is mounted.

The NEURO SWING FIT TEST-AFO:

- is available as a set consisting of a left and a right test orthosis.
- is equipped with a premounted NEURO SWING Carbon system ankle joint.
- is delivered with pre-cut padding material with self-adhesive hook dots for the lower leg shell and one cloth bag per orthosis.
- has a premounted hook-and-loop fastener at calf height which provides high stability.
- is delivered as a set containing a total of 5 spring units in the corresponding system width.

Special Offer

100% discount on a NEURO SWING FIT TEST-AFO set when you purchase 20 system ankle joints

Offer period: 1 January 2026 – 31 December 2026

Applies to all branches of a company (system joints are added up).

Discount

- When you purchase one or multiple NEURO SWING FIT TEST-AFO sets, we grant 40% immediate discount.
- If you purchase a total of 20 pieces of the following system joints (all system widths included) during the offer period, you benefit from the special offer:

NEURO SWING

NEURO SWING 2

NEURO SWING Carbon

NEURO HiSWING

NEURO HiSWING R+

Credit Note

At the end of the year, for every 20 system joints purchased, you will receive a credit note for the remaining balance of a NEURO SWING FIT TEST-AFO set.

- Eligibility for the credit note applies to the total of the above-mentioned system joints across all branches.
- Customer number and contact person are required information to issue a credit note.
